The Board regulates the practices of engineering and land surveying in the state of California by evaluating the experience and administering examinations to prospective licensees and by enforcing the laws regulating licensed professional engineers and land surveyors. Includes links to laws and rules regulating the two professions.

## **Board for Professional Engineers, Land Surveyors, and ...**

The PE 16-hour Structural exam tests for a minimum level of competency in structural engineering. This exam uses separate vertical and lateral components to test your ability to safely design buildings or bridges, especially in areas of high seismicity and high wind. Per its Manual of Policy and Position Statements, NCEES considers the 16-hour Structural exam to be a Principles and Practices of Engineering exam.

## **NCEES PE Structural exam information**

Yes No, Keep Private. Becoming a Structural Engineer. California grants the authority to use the title "Structural Engineer" to licensed civil engineers who successfully complete an examination process. The Structural Engineer application is required with evidence of experience and references. The Board for Professional Engineers, Land Surveyors, and Geologists (BPELSG) is the official source for licensure in California.

## **Becoming a Structural Engineer - SEAOC**

The Structural Engineering exam is designed for engineers who practice in states that license structural engineers separately from other professional engineers (SE vs PE after your name). This exam uses separate vertical and lateral components to test your ability to safely design buildings or bridges, especially in areas of high seismicity and high wind.

## **What is the Structural Engineering (SE) Exam and Why ...**

Information on eligibility requirements and how to apply are available on the California Board for Professional Engineers, Land Surveyors, and Geologists website under Instructions on How to Apply for a California Professional Engineer License. For more information or questions regarding licensure, please contact the Board directly.
