"Levitsky and Way's book makes two major contributions to research on political regime change. First, by developing the notion of competitive authoritarianism, it engages in a sustained effort to provide a clear and theoretically fertile conception of a particular subset of political regimes belonging to the vague class of 'hybrid' regimes.

## **Competitive Authoritarianism by Steven Levitsky**

Competitive authoritarian regimes proliferated after the Cold War. By our count, 33 regimes were competitive authoritarian in 1995 - a figure that exceeded the number of full democracies in the developing and post-communist world. The study of post-Cold War hybrid regimes was initially marked by a pronounced democratizing bias.

### **Competitive Authoritarianism Hybrid Regimes after the Cold War**

Authoritarianism is a form of government characterized by strong central power and limited political freedoms. Political scientists have created many typologies describing variations of authoritarian forms of government. Authoritarian regimes may be either autocratic or oligarchic in nature and may be based upon the rule of a party or the military.. In an influential 1964 work, the political ...
