Deception Pakistan The United States

The title of the book, "Deception" refers not to Pakistan, but to the fact that every administration from 1976 on purposely misinformed the U.S. public on Pakistan's nuclear ambitions and activities. Rather ironically, the U.S. Intelligence Community actually produced excellent intelligence on both Khan's program and the international trade in nuclear technology.

Deception: Pakistan, the United States, and the Secret ...

The shocking, three-decade story of A. Q. Khan and Pakistan's nuclear program, and the complicity of the United States in the spread of nuclear weaponry. On December 15, 1975, A. Q. Khan--a young Pakistani scientist working in Holland--stole top-secret blueprints for a revolutionary new process to arm a nuclear bomb.

least delay Pakistan's acquisition of the bomb, actions that were, in most cases, overruled by the governments concerned. Deception takes the

strongest position. Beginning with the Carter administration, the authors argue that the United States, supported by Britain and other European countries, allowed Pakistan to acquire “highly re-

The Intelligence Officer’s Bookshelf

In *America and the Islamic Bomb*, David Armstrong and Joseph Trento begin by linking the birth of Pakistan’s nuclear ambitions with Dwight D. Eisenhower’s “Atoms for Peace” program in the late 1950s. Douglas Frantz and Catherine Collins in *The Nuclear Jihadist* and Adrian Levy and Catherine Scott-Clark in *Deception* pick up the trail in 1972, when A.Q. Khan began working for a laboratory in the Netherlands that had been contracted by the.
