### Ethical Theory Classical And Contemporary

An ethical theory isn't necessarily a guide to moral decision-making in hard cases. Instead, in the first instance, it attempts to organize and explain common ethical opinions. A theory is a systematic body of thought, starting with very general principles or standards: rules or personal ideals that

### ETHICAL THEORY

Ethics or moral philosophy is a branch of philosophy that "involves systematizing, defending, and recommending concepts of right and wrong behavior". The field of ethics, along with aesthetics, concerns matters of value; these fields comprise the branch of philosophy called axiology.. Ethics seeks to resolve questions of human morality by defining concepts such as good and evil, right and ...

### Ethics - Wikipedia

Utilitarianism is a family of normative ethical theories that prescribe actions that maximize happiness and well-being for all affected individuals.. Although different varieties of utilitarianism admit different characterizations, the basic idea behind all of them is, in some sense, to maximize utility, which is often defined in terms of well-being or related concepts.

### Utilitarianism - Wikipedia

The term "deontology" is a modern combination of Classical Greek terms, and means the study or science (logos) of duty, or more precisely, of what one ought to do (deon). In contemporary moral philosophy, "deontology" is used most commonly to refer to moral conceptions which endorse several theses regarding the nature of duty (the right ...

### Ethical Theories - Ethics Resource Guide - Stafford ...

2.2 Ethical Theory. Many of the leading issues and positions of contemporary philosophical ethics take shape within the Enlightenment. Prior to the Enlightenment in the West, ethical reflection begins from and orients itself around religious doctrines concerning God and the afterlife.

### Enlightenment (Stanford Encyclopedia of Philosophy)

It is important to understand the basic of the ethical theories and how to utilize them to deal with the ethical dilemma in the medical practice. This article presents a brief review of three of famous philosophical theories of ethics, which may enrich our understanding and guide our behaviour in

Luce and Raiffa were thinking about elements of what we would probably now call modern choice theory. Standard classical choice theory deals with rationality, ways of applying rationality into decision problems. Their mode of thinking is natural, that's what I like about this book (and much of game theory in general).
