management book by Jim C. Collins that describes how companies transition from being good companies to great companies, and how most companies fail to make the transition. The book was a bestseller, selling four million copies and going far beyond the traditional audience of business books. The book was published on October 16, 2001.

Influential management professor Jim Collins released the popular Good to Great: Why Some Companies Make the Leap...and Others Don't in 2001. The book is really a research project led by Collins as a follow-up to his book Built to Last: Successful Habits of Visionary Companies. He researched hundreds of companies to identify sets of "good"
