The history of mathematical notation includes the commencement, progress, and cultural diffusion of mathematical symbols and the conflict of the methods of notation confronted in a notation's move to popularity or inconspicuousness. Mathematical notation comprises the symbols used to write mathematical equations and formulas.Notation generally implies a set of well-defined representations of ...

History of mathematical notation - Wikipedia

However, this solution is not very general. With array slicing no explicit sort is needed. Instead we can slice-out submatrix blocks ($\mathbf{L}_{:,in}$, $\mathbf{L}_{:,b}$, etc.) and follow the linear algebra above directly. Then we can slice the solution into the rows of Z corresponding to the interior vertices (Example 303).
