Law - Wikipedia

The case method is a teaching approach that uses decision-forcing cases to put students in the role of people who were faced with difficult decisions at some point in the past. It developed during the course of the twentieth-century from its origins in the casebook method of teaching law pioneered by Harvard legal

For many legal philosophers, the claim that a person has a legal obligation to do X is merely a descriptive claim, a statement of social fact [see the entry on Legal Positivism]. The fact that a person has a legal obligation to do X provides him with a moral reason to do X only if he has a moral duty obey the law; that is, a political obligation.
