A good research topic should be something that one is deeply interested in, is scientifically original and significant, and is manageable within the graduate studies time frame (i.e. the time limitation defined by Graduate and Postdoctoral Studies). At McGill, PhD students are usually expected to have a sufficiently defined research topic by the time of the comprehensive exam.

The General Educational Development (GED) tests are a group of four subject tests which, when passed, provide certification that the test taker has United States or Canadian high school-level academic skills.It is an alternative to the US high school diploma, HSET, and TASC test. The GED Testing Service website currently does not refer to the test as anything but "GED".
