Pallet jack. Also known as a pallet truck, pallet pump, and jigger, a pallet jack is a piece of equipment that is widely found in warehouses and other places where you may need to move heavy or light pallets. The platform is controlled using the handle, which also is used to raise the forks off the floor.

A forklift (also called lift truck, jitney, fork truck, fork hoist, and forklift truck) is a powered industrial truck used to lift and move materials over short distances. The forklift was developed in the early 20th century by various companies, including Clark, which made transmissions, and Yale & Towne Manufacturing, which made hoists. Since World War II, the use and development of the ...
