The SUVs of the motorcycle world are adventure bikes. They're the motorcycles that are designed to do anything and pretty much everything. They can take you across the country comfortably, traverse difficult terrain, and they even handle much better than expected on a twisty canyon road.

The Best Adventure Motorcycles [2022 Update] | webBikeWorld

Most modern motorcycles nowadays have disc brakes front and rear. Of the 7 small dual sports bikes in this sample, only the Suzuki DR 200 and the TW 200 still have drums in the rear. Rotor sizes can give us some indication of stopping power. It was a surprise to see that the TT 250 has the biggest disc up front.

15 Best Motorcycles For Women (Review) in 2022 - Gear Sustain

Honda is already showing one of its most essential motorcycles in a new form: the Africa Twin of the model year 2020. But to speak of just one facelift would be utterly wrong in this case. After four years on the market and around 87,000 sold Honda not only refreshed the design but virtually turned the entire bike inside out: engine, frame ...

10 Best All-Around Motorcycles - Gear Sustain

Sport motorcycles have a relatively short history in the United States. Kawasaki was among the first brands to bring performance-oriented motorcycles over from Japan, opening a U.S. headquarters facility in Chicago in 1966, and later, in 1974, becoming the first foreign vehicle brand to set up manufacturing in the U.S.

Sport Bike Motorcycle Buyer's Guide | U.S. News

But it was the Triumph Scrambler (see my buyers guide) that took the same engine and said "you know what, 270-degree crank for this one" from 2006. Early Triumph Scrambler 2006 Triumph soon added this configuration to the Speedmaster and the America, two "moderate"-sized cruisers.

Parallel Twin Motorcycles with 270-degree Cranks - Motofomo

Both trucks were available with 283-cu-in and 327-cu-in small-block V-8s. The latter was good for roughly 240 horsepower according to the gross rating standards of the day, but '68 buyers in search of more grunt could opt for a 396 big-block that churned out 310 horses and 400 lb-ft of torque while the 283 was replaced by a 307-cu-in V-8.
