Virtue ethics is on the move both in Anglo-American philosophy and in the rest of the world. This volume uniquely emphasizes non-Western varieties of virtue ethics at the same time that it includes work in the many different fields or areas of philosophy where virtue ethics has recently spread its wings. Just as significantly, several chapters make comparisons between virtue ethics and other ...

A variety of considerations make it natural to assume that virtue ethics could provide moral education with useful guidance. One such consideration is the natural supposition that any well-developed approach to moral theory would map the moral domain in ways helpful to understanding and providing moral education.

The Routledge Companion to Virtue Ethics - Taylor & Francis

Since then, virtue ethics has steadily revived, and in the past ten years it has come to be considered one of the major forms of contemporary ethical theory. In what follows, I want to say what virtue ethics is and isn't, and this will involve drawing contrasts between it and other philosophical approaches to morality.
