The outlook for the tourism sector remains highly uncertain. The coronavirus (COVID-19) pandemic continues to hit hard, with international tourism expected to decrease by around 80% in 2020. Domestic tourism is helping to soften the blow, at least partially, and governments have taken impressive immediate action to restore and re-activate the sector, while protecting jobs and businesses.

Rebuilding tourism for the future: COVID-19 policy ...

Reefs damaged by coral bleaching can quickly lose many of the features that underpin the aesthetic appeal that is fundamental to reef tourism. The resultant loss of revenue from reduced tourist activity can threaten the livelihoods of local communities.
